RubyFrost® and SnapDragon™ Apples

Susan Brown, Horticulture Sciences

- Fruit is mild in flavor, with excellent crispness, juiciness, and firmness
- Taste is very sweet
- Excellent storage and shelf life
- High in vitamin C, which helps to slow browning when cut

SnapDragon

- Trees are very productive and considered “grower friendly”
- Taste is a balance of sweetness and tartness
- Excellent storage and shelf life
- High in vitamin C, which helps to slow browning when cut
